OLD BUSINESS:

Dues/Newsletter: Brian discussed the late distribution of the dues/newsletter Rose stated that she had all the materials to get them mailed out. she said she and her daughter Susan would get them in the mail by the weekend.

Street Lights: Les Allen stated that he had met with LG&E and had made several with them. Les said we are still unable to add street lights to Petty Jay, due to obtaining easements from homeowners to access the power in the real of the homes. Les said he would contact a more homes in the spring. The new street light at Summerfield Drive and Thornwood Road could be installed for about \$200.00. It was decided to install on at that location. A light on Summerfield Drive near Weather Way was also discussed and agreed to install however more research on that light needs to be done first.

NEW BUSINESS:

Brian asked if someone would look into the cost of buying some signs to announce our meetings similar to BENA, Les said he would check into that.

Brian also asked if it was feasible to have Metro install a fence along Hurstbourne Lane to deter access to people cutting through to Thornwood Road, Les said he would check into that.

Officer Eddie Phillips dropped in and spoke to us about ideas to prevent crime, he said the website Nextdoor is proving to be a very useful tool in getting information out to each neighborhood as well as surrounding neighborhood.

Meeting adjourned at 7:55
