Neighborhood Association Meeting Date

November 28, 2023 at 7PM at Heine Brothers, Hikes Point. All Four Seasons neighbors are invited.

Waste Management – New Pick-Up Schedule

Beginning 11/10, recycling and yard waste will be picked up on the same day, every other Friday. WM analyzed their routes to create a new plan to increase efficiency and service.

Report Streetlights Issues to LG&E

When a streetlight is not working properly, report the outage directly to the LG&E website or by phone. Outages can also be reported to Metro 311, but reporting directly to LG&E is faster.

As the lights burn out, the older style lights will be converted to LED. LED lights are much brighter and the only lights LG&E offer.

Advertising Space Available

Beginning in 2024, we are offering advertising space in our quarterly newsletter to help offset postage, envelopes, labels etc. For a one-time charge, the ad will be in the January newsletter that is mailed to the 565 Four Seasons homes and appear in our 3 electronic quarterly newsletters. \$50 for a business size ad. Contact Les at leswallen@bellsouth.net or one of the FSNA officers.

Manhole repair at Spring Breeze Ct and Amity

MSD was notified of improperly installed manhole. MSD addressed the issue, and the lid no longer flips when cars drive over it. Additional road repair is still needed.

Maps, Voting Locations, Districts and More!

The Louisville/Jefferson County Information Consortium, also known as LOJIC, website provides comprehensive geographic information (maps). You can find maps for Metro Council Districts, neighborhoods, MSD, snow events, etc. Lots of information about Louisville. Visit <https://www.lojic.org/>

Make Our Neighborhood Homes Safer

Turn on outdoor lights at night	Secure gates and fences
Install a security system	Close your garage door
If you see something sketchy, report it	Know your neighbors
Take your deliveries inside as soon as possible	Keep yards clean and hedges trimmed
